INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.
Anonimo has contributed to the dictionary with 1 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

nespra

WaSP in Galician: is nespra: the genus Polistes is part of the family Vespidae or WaSP (wasps) that often cause allergic reactions to the venom inoculated to the bite.In our latitudes are frequent the Polistes gallicus and the Polistes dominulus, which superficially resemble the common WaSP. However, the species of the genus Polistes are smaller and more Gracile than the Vespula.
