

SPANISH DICTIONARY

GARCÍA ALBERTO

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

GARCÍA ALBERTO has contributed to the dictionary with 14462 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

white poppy poppy-annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola blanca o adormidera

white poppy or opium poppy-annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapola blanca, adormidera

white poppy, opium poppy- annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves,

fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola blanca-adormidera

white poppy-opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapola de adorno

poppy of ornament-annual papaveraceous plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de adorno adormidera

poppy ornament opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de adorno o adormidera

ornamental poppy or opium poppy- annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de adorno, adormidera

adornment poppy, opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapola de adorno-adormidera

ornamental poppy-opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de la droga adormidera

poppy of the drug opium poppy- annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de la droga o adormidera

poppy of the annual papaveraceous drug-plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de la droga o adormidera-

drug poppy or opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de la droga, adormidera

drug poppy, opium poppy- annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola de la droga-adormidera

poppy drug-opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in

capsules from which opium, morphine and other alkaloids are extracted-

amapola real

annual real-papaveraceous poppy, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapola real adormidera

royal poppy poppyplant papaverácea annual, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapola real o adormidera

royal poppy or opium poppy-annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapola real, adormidera

royal poppy, opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapola real-adormidera

royal poppy-opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapolas blancas

white poppies-belonging to an annual papaveraceous plant, medicinal, white or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas blancas adormideras

white poppies-belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas blancas o adormideras

white poppies or poppiesperserving to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapolas blancas, adormideras

white poppies, opium poppies- belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas blancas-adormideras

white poppies-opium-belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de adorno

poppies of ornaments-belonging to an annual papaveraceous plant, medicinal, white or pale pink, bright steely leaves,

fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de adornos adormideras

poppies of poppy ornaments-belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de adornos o adormideras

poppies of ornaments or opium-belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de adornos, adormideras

adorned poppies, poppies-belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de adornos-adormideras

poppies of ornaments-opium-belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de las drogas

drug poppies- belonging to an annual papaveraceous plant, medicinal, white or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de las drogas adormideras

poppies of dormant drugs-belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de las drogas o adormideras

drug poppies or opium poppies - belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de las drogas, adormideras

drug poppies, opium poppies- belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas de las drogas-adormideras

poppies of drugs-opium poppies- belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapolas reales

real poppies-belonging to an annual papaveraceous plant, medicinal, of white or pale pink flowers, bright steely leaves, fruit in capsules from where opium, morphine and other alkaloids are extracted-

amapolas reales adormideras

Royal poppies opium poppies-belonging to an annual papaveraceae plant, medicinal, with white flowers or pale pink,

bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas reales o adormideras

real poppies or opium poppies belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted.

amapolas reales, adormideras

royal poppies, opium poppies belonging to an annual papaveraceae plant, medicinal, white flowers or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolas reales-adormideras

royal poppies-poppies belonging to an annual papaveraceae plant, medicinal, with white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolona

amapolona-planta papaveraceae annual, medicinal, of white flowers or pale pink, bright steely leaves, fruit in capsules from where opium, morphine and other alkaloids are extracted-

amapolona adormidera

Poppy poppy- annual papaveraceae plant, medicinal, white flowers or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolona o adormidera

Poppy or opium poppy-annual papaveraceae plant, medicinal, with white flowers or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolona, adormidera

Poppy, opium poppy- annual papaveracea plant, medicinal, white flowers or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolona-adormidera

Poppy-opium poppy-annual papaveraceae plant, medicinal, white or pale pink flowers, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolonas

poppy-belonging to an annual papaveraceous plant, medicinal, of white or pale pink flowers, bright steely leaves, fruit in capsules from where opium, morphine and other alkaloids are extracted-

amapolonas adormideras

Poppies opium poppies belonging to an annual papaveraceae plant, medicinal, with white flowers or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-

amapolonas o adormideras

Belonging to an annual papaveraceae plant, medicinal, white or pale pink flowers and steely leaves-

amapolonas, adormideras

poppies, opium poppies-belonging to an annual papaveraceae plant, medicinal, with white flowers or pale pink, bright steely leaves, fruit in capsules from which opium, morphine and other alkaloids are extracted-
