

SPANISH DICTIONARY

GARCÍA ALBERTO

## INTRODUCTION

[www.wordmeaning.org](http://www.wordmeaning.org) is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

GARCÍA ALBERTO has contributed to the dictionary with 14462 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Working Group

[www.wordmeaning.org](http://www.wordmeaning.org)

Arachne- is the asteroid discovered by astronomer M. F . Wolf on October 13, 1895-

## **aracnoideo**

arachnoid . it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue.

## **aracnoideo aculeado**

aculate arachnoid - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

## **aracnoideo aculeolado**

aculeolated arachnoid - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

## **aracnoideo aguijonoso**

stinging arachnoid - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo armado**

armed arachnoid - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo braquicentro**

arachnoid brachycenter - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo o aculeado**

arachnoid or aculeado- it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo o aculeolado**

arachnoid or aculeolated - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo o aguijonoso**

arachnoid or stinging - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo o armado**

arachnoid or armed - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo o braquicentro**

arachnoid or brachycenter - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo, aculeado**

arachnoid, aculeado-it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo, aculeolado**

arachnoid, aculeolated- it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo, aguijonoso**

arachnoid, stinging- it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo, armado**

arachnoid, armed - it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo, braquicentro**

arachnoid, brachycenter- it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo-**

arachnoid- it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo-aculeado**

arachnoid-aculeado- is said to be a type of plant indument that has stingers, sharp prominences coming from epidermal tissue.

**aracnoideo-aculeolado**

arachnoid-aculeolado-is said to be a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo-aguijonoso**

arachnoid-stinger- is said to be a type of plant indument that has stingers, sharp prominences coming from epidermal tissue.

**aracnoideo-armado**

arachnoid-armed- it is said of a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideo-braquicentro**

arachnoid-brachycenter-it is said of a type of plant indumentum that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideos**

arachnoids- belonging to a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideos aculeados**

aculeated arachnoids - belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos aculeolados**

arachnoids aculeolated- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos aguijonosos**

Stingy arachnoids belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos armados**

armed arachnoids- belonging to a type of vegetable clothing that has stingers, sharp prominences from epidermal tissue-

**aracnoideos braquicentros**

Brachycenter arachnoids- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos o aculeados**

arachnoid or aculeados- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos o aculeolados**

arachnoid or aculeolated- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos o aguijonosos**

Belonging to a type of vegetable clothing that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideos o armados**

arachnoid or armed- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos o braquicentros**

arachnoids or brachycenters- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos, aculeolados**

arachnoids, aculeados- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos, aculeolados-**

arachnoids, aculeolates- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos, aguijonosos**

arachnoids, stingers- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos, armados**

arachnoids, armed- belonging to a type of vegetable indument that has stingers, sharp prominences coming from epidermal tissue-

**aracnoideos, braquicentros**

arachnoids, brachycenters- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**aracnoideos-aculeados**

arachnoid-aculeados- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

### **aracnoideos-aculeolados**

arachnoid-aculeolated- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

### **aracnoideos-aguijonosos**

arachnoid-stinging belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

### **aracnoideos-armados**

arachnoid-armed- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

### **aracnoideos-braquicentros**

arachnoids-brachycenters-belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

### **arago**

Arago- is an asteroid discovered by astronomer S. I . Belavskii on September 5, 1923-

### **araneidos**

ARANEIDOSse is of a // unasubclase of Arachnids - have provided chelicerae ordinarily poisonous glands and undivided carapace, as spider.

### **araña del rincón**

Spider of the corner-it is an arachnid that stands out for its appearance and design, such as the drawing of a violin, have six pairs of eyes, which is interesting considering that most spiders have eight pairs of eyes, are poisonous and their color varies between the different shades of brown-

**ardentía**

ardentia - refers, in medicinaã a problem of health, acid reflux and heartburn, which is usually given in pregnant women-

**arditas**

arditas-belonging to a rodent, reddish the spine, white black by belly, very restless-

### **arduidad**

It is said of the quality or quality or condition dearduo

### **arduina**

Arduina- this is the asteroid discovered by astronomerA. L . N . Borrelly on November 19, 1894-

### **areca**

name given to a variety or species (-) Hazel the India or Indica-

### **arecas**

belonging to a variety or species Philippines depalma-

### **arenaria**

. belonging to the scientific name of the dicheya, Chilean plant -

### **areniscos**

It is said those who are mixtures of sand. -

### **arequipa**

Arequipa- this is the asteroid discovered by astronomerJ. H . Metcalf on December 7, 1912-

### **ares**

Greek God of war. -

### **arete-**

Arete- this is the asteroid discovered by the astronomer J. Palisaon May 21, 1879-

### **arethusa**

Arethusa-asteroid discovered by K. T. S O Luther on November 23, 1867-

### **arfeen**

corresponds to the expression " " cabeceen 39 vessels; ". -

### **arganeo**

Arganeo-It is the shackle or ring mounted on the end of the anchor rod to make firm in it, the chain, rope or cable.

### **arganeos**

Arganeos-belonging to the shackle or ring mounted on the end of the anchor rod to make firm on it, the chain, rope or cable.

**argentes**

argentes - refers to the name of the wind blowing from the eastern part, in Greece -

**argentina-**

Argentina- is the asteroid discovered by the astronomer. Carnera on February 20, 1901-

**argentinos**

refers to the natives of Argentina-

**argilita**

argillite - refers to very fine-grained compact rock untipo -

**argos**

Argos - refers to the expression: individual very alert, attentive and vigilant -

**arhuaco-**

Arhuaco-Amerindian people originally from Colombia, had their habitat in the departments of Cesar-Magdalena-

**arhuacos**

Arhuacos-members of an Amerindian people originally from Colombia, with habitat in the departments of Cesar-Magdalena-

**ariadne**

Ariadne-asteroid discovered by N . R. Pogson on April 15, 1857-

**aributos**

attributes -. says of the grades or qualities or conditions Dela property of a be -

**arietes**

battering rams-belonging to the steamship, armored and equipped with a spur that was used to ram other ships and spoothe them. -

**arizona-**

Arizona- is the asteroid discovered by astronomerP . L . Lowell on April 9, 1907-

**arkansas blak**

belonging to a variety or species demanzana-

**arkansas blak**

belonging to a variety or species demanzana-

**armadijo**

armadijo-refers to the ancient name by which armadía, almadía or canoe-

### **armadijos**

armadijos-belonging to the ancient name by which armadía or almadía was known, rowing vessel,

### **armadía**

armadía-group of loggers joined flatly, in order to drive them floating, in rivers or calm waters-

### **armadía almadía**

assembled almadía-one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

### **armadía o almadía**

armadía or almadía- it is one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

### **armadía, almadía**

armadía, almadía-one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

### **armadía-almadía**

Armadía-almadía-it is one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

### **armadíes**

armadies-belonging to a group of loggers joined flatly, in order to drive them floating, in rivers or calm waters-

### **armadíes o almandías**

armadies or pertenecent warehouses to one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

### **armado aracnoideo**

Arachnoid armour-it is said of a type of vegetable indument that has stingers, sharp prominences coming from epidermal tissue-

### **armado o aracnoideo**

armed or arachnoid - it is said of a type of vegetable indument that has stingers, sharp prominences coming from epidermal tissue-

### **armado, aracnoideo**

armed, arachnoid - it is said of a type of vegetable indument that has stingers, sharp prominences coming from epidermal tissue-

**armado-**

armed- It is said of a type of vegetable indument that has stingers, sharp prominences coming from epidermal tissue-

**armado-aracnoideo**

Armado-arachnoid- is said of a type of vegetable indument that has stingers, sharp prominences coming from epidermal tissue-

**armados**

armed- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**armados aracnoideos**

Arachnoid armours- belonging to a type of plant indument that has stingers, sharp prominences from epidermal tissue-

**armados o aracnoideos**

armed or arachnoid - belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**armados,aracnoideos**

armed, arachnoid- belonging to a type of vegetable indument that has stingers, sharp prominences from epidermal tissue-

**armados-aranoideos**

armoured-arachnoid- belonging to a type of plant indument that has stingers, sharp prominences coming from epidermal tissue-

**armandías almandías**

armandías-belonging to one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

**armandías o almandías**

armandías or warehouses- belonging to one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

**armandías, almandías**

armandías, warehouses-belonging to one of the names that receives the canoe, small wooden boat, made with carved and hollowed-out logs-

**armenia-**

Armenia- is the asteroid discovered by astronomer G. N . Neúiminel on January 25, 1914-

**armentales**

relating or belonging higher alganado

**armoisín**

armoisin - refers to a kind of very thin fabric made of silk that comes from Italy-

**armona**

Armona - refers to a factory which produces the SOAP or a store where they sell SOAP and its assorted products -

**armor-**

Armor- is the asteroid discovered by astronomer C. le Morvanel on December 19, 1913-

**arn**

RNA-siglas corresponding to ribonucleic acid, a nucleic acid involved in protein synthesis and is responsible for transferring genetic information between human cells.

**arnillos**

rings-belonging to the expression : fish of the Antilles, similar to the barber but his body is not crushed-

**arnolda**

Arnolda- is an asteroid discovered by astronomer K. W . Reinmuth on March 3, 1924-

**aroínas**

belonging to the alkaloid or drug obtained from the aro-family of the Araceae -

**aroje**

Aroje-Amerindian people originally from Colombia, had their habitat in the department of Amazonas-

**aroje o yuri**

aroje or yuri-Amerindian people originally from Colombia, had its habitat in the department of Amazonas-

**aroje yuri**

aroje yuri-Amerindian people originally from Colombia, had its habitat in the department of Amazonas-

**aroje,yuri**

aroje, yuri-Amerindian people originally from Colombia, had its habitat in the department of Amazonas-

**aroje-yuri**

aroje-yuri-Amerindian people originally from Colombia, had its habitat in the department of Amazonas-

**arojes**

redbirds-members of an Amerindian people originally from Colombia, with habitat in the department of Amazonas-

**arojes o yuríes**

arojes or yuries-members of an Amerindian people originally from Colombia, had its habitat in the department

of Amazonas-

### **arojes yuries**

arojes yuries-members of an Amerindian people originally from Colombia, had their habitat in the department of Amazonas-

### **arojes,yuries**

arojes, yuries- members of an Amerindian people originally from Colombia, had its habitat in the department of Amazonas-

### **arojes-yuries**

arojes-yuries-members of an Amerindian people originally from Colombia, had its habitat in the department of Amazonas-

### **aronia**

. belonging to the name of the frutode the aronia, of the United States-

### **arpeo**

Arpeo-It is a small anchor or rezón that is used to recover anchors, chains, fishing gear or other objects lost at the bottom of the sea-

### **arpeos**

harpeos-belonging to a small anchor or rezon used to retrieve anchors, chains, fishing gear or other objects lost at the bottom of the sea-

### **arpía**

fabulous animal / monstuocon face of maiden and bird of prey body -

### **arquear**

arch-is said how to measure the size of ships, from their volume,

### **arqueo-**

Tonnage-This is the interior volume of the hull and superstructure of a vessel. It can be gross, comprising the entire capacity of the vessel, and net to capacities, after deducting non-useful spaces.

### **arqueolíticos**

relating or pertaining to stone age

### **arqueos**

tonnage-belonging to the interior volume of the hull and superstructure of a vessel. It can be gross, comprising the entire capacity of the vessel, and net to capacities, after deducting non-useful spaces.

### **arquetipos**

Archetypes - belonging to the expression: original and primary in an art or something else - model

### **arquitraabe**

Architrave-refers to the expression : horizontal stone beam that supports the ceiling, located between columns or between a column and the wall. -

### **arranque**

start - it refers to the expression: principle, from props, an arch or vault -

### **arrastradera-**

trawler- means, in a boat, the auxiliary sail hoisted under the boom.

### **arrastraderas-**

trawlers belonging to the auxiliary sail hoisted under the boom.

### **arribada arribaje**

Arrival Arrival-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause.

### **arribada o arribaje**

Arrival or Arrival- Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause. -

### **arribada, arribaje**

Arrival, Arrival-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause.

### **arribada-**

Arrival ?-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause-

### **arribada-arribaje**

Arrival-Arrival-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause.

### **arribadas**

Arrivals- belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause. -

### **arribadas arribajes**

Arribadas arribajes- pertaining to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

### **arribadas o arribajes**

Arrivals or arrivals-belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause.

### **arribadas, arribajes**

arrivals, arrivals-belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

### **arribadas-arribajes**

Arrivals-arrivals- belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

### **arribaje arribada**

Arrival Arrival-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause.

### **arribaje o arribada**

Arrival or Arrival-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause. -

### **arribaje, arribada**

Arrival, Arrival- Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause.

### **arribaje-**

Arrival-Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause-

### **arribaje-arribada**

arrival-arrival - Action and effect of arriving, obligatory or forced arrival of a ship to a port, which was not the destination or the stopover, for any unforeseen cause-

### **arribajes**

Arrivals- belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

### **arribajes arribadas**

Arrivals arrived- belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

### **arribajes o arribadas**

arrivals or arrivals-belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

**arribajes,arribadas**

arrivals, arrivals-belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

**arribajes-arribadas**

arrivals-arrivals- belonging to the action and effect of arriving, obligatory or forced arrival of a ship to a port, which was neither the destination nor the stopover, for any unforeseen cause.

Arronzar-refers to: Falling too much the ship to leeward, which is known as going to the ronza-

**arrufadura**

arrufadura-refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center-

**arrufadura arrufo**

arrufadura-refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufadura o arrufo**

arrufadura or arrufo- refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufadura, arrufo**

arrufadura, arrufo- refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center. -

**arrufadura-arrufo**

arrufadura-arrufo-refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufaduras**

wrinkles-belonging to the longitudinal curvature of the upper deck or keel so that the bow and stern limbs are higher than the centre-

**arrufaduras arrufos**

Wrinkles arrufos- belonging to the longitudinal curvature of the upper deck or keel so that the fore and stern limbs are higher than the center. -

**arrufaduras, arrufos**

wrinkles, wrinkles-belonging to the longitudinal curvature of the upper deck or keel so that the fore and stern limbs are higher than the center. -

**arrufaduras-arrufos**

wrinkles-arrufos-belonging to the longitudinal curvature of the upper deck or keel so that the fore and stern limbs are higher than the center.

**arrufo**

arrufo-refers to the longitudinal curvature of the high deck or keel, so that the bow and stern limbs are higher than the center. -

**arrufo arrufadura**

arrufo arrufadura-refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center. -

**arrufo o arrufadura**

arrufo or arrufadura- refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufo, arrufadura**

arrufo, arrufadura-refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufo-arrufadura**

arrufo-arrufadurase refers to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center-

**arrufos**

arrufos-belonging to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufos arrufaduras**

Arrowroot-belonging to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufos o arrufaduras**

arrowroots or arrows-belonging to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arrufos, arrufaduras**

wrinkles, wrinkles-belonging to the longitudinal curvature of the upper deck or keel so that the fore and stern limbs are higher than the centre-

**arrufos-arrufaduras**

arrowroot-cooing-belonging to the longitudinal curvature of the high deck or keel so that the bow and stern limbs are higher than the center.

**arsinoe**

Arsinoe- is the asteroid discovered by astronomer A. H . Charloisel on June 20, 1895-

**arte cisoria**

calls of this form to the art of carving, from a food into pieces to serve.

**artemis**

Artemis- is the asteroid discovered by astronomer J. C . Watson on September 16, 1868-

**artiodáctilos**

Artiodactilosse is of a / / unaorden of ungulates that have an even number of toes on each paw, such as ruminants and pigs.

**aruaco**

aruaco-Amerindian people originally from Colombia, had its habitat in the department of Cesar-Magdalena-

**aruaco arhuaco**

Aruaco Arhuaco-Amerindian people originally from Colombia, had its habitat in departments of Cesar-Magdalena-

**aruaco o arhuaco**

Aruaco or Arhuaco-Amerindian people originally from Colombia, had its habitat in departments of Cesar-Magdalena-

**aruaco-arhuaco**

Aruaco-Arhuaco-Amerindian people originally from Colombia, had its habitat in departments of Cesar-Magdalena-

**aruacos arhuacos**

Aruacos Arhuaco - members of an Amerindian people originally from Colombia, had their habitat in departments of Cesar-Magdalena

**aruacos o arhuacos**

Aruacos or Arhuacos, members of an Amerindian people originally from Colombia, had their habitat in the departments

of Cesar-Magdalena.

### **aruacos, arhuacos**

Aruacos, Arhuacos - members of an Amerindian people originating in Colombia, had their habitat in departments of Cesar-Magdalena-

### **aruacos-**

aruacos-members of an Amerindian people originally from Colombia, with habitat in the departments of Cesar-Magdalena-

### **aruacos-arhuacos**

Aruacos-Arhuacos - members of an Amerindian people originally from Colombia, had their habitat in the departments of Cesar-Magdalena.

### **arundíneos**

arundíneos = is said of those who have or poseen aspecto similar to the shank.

### **arundíneos**

relating or belonging to lacana.-

### **arvejas**

. vegetable in their structures or forms are, semejantes-parecidos - apparents the vetchling

### **arzario**

Arzario-Amerindian people originally from Colombia, had its habitat in the departments of La Guajira-Cesar-

### **arzarios**

arzarios-members of an Amerindian people originally from Colombia, with habitat in the departments of La Guajira-César-

### **arzolla**

name given to a variety or species (-) Thistle cotton or borriqueno

### **asareros**

belonging to a variety or species wild deciruelo-

### **asas**

lasasas, gomorrperteneientes to the. belonging to the extracted biogenic umbelliferae - plants

### **asativos**

relating or belonging alcocimiento of something in their own juice or juice.

**asbestinos**

relating or pertaining to asbestos

**ascensiones**

ascents-belonging to the action: " Ascend, climb "-

**aseciones**

assertions-belonging to the action: assert, ensure, give by the way something -
