

SPANISH DICTIONARY

John Rene Plaut

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

John Rene Plaut has contributed to the dictionary with 11532 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

cuancrito

CUANCLITO This has been one of the best riddles that have been presented in the dictionary, and that has touched me to decipher . In Colombia, a children's entertainment magazine was published in 1936. This one had the name CHANCHITO, and its header was made with a typography of letters that combined very thick strokes with very thin. The letter H, in particular, had the left part very thick and the right very thin. Instead of being crossed to the center, the joining line went almost to the bottom edge, assembling almost a U letter. When read, therefore, it could be confused with the U or with the LI combination, which is the case here, reading CUANCLITO instead of CHANCHITO.
