

SPANISH DICTIONARY

Noé Medina Dueñas

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Noé Medina Dueñas has contributed to the dictionary with 2 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Working Group

www.wordmeaning.org

abagó

Plant or fruit size prominently higher than usual in their species.

sibilancias

They are whistling, high-pitched sound during respiration, which occurs when air moves through the respiratory ducts narrow or obstructed in the lungs. They are most evident when the air is ejected.
