INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Carlos García has contributed to the dictionary with 5 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

aztequismo

Respect and submission to the hierarchy in ascending (superior) order, which is demonstrated by addressing a person by putting an academic or noble title before the surname or first name out of fear or because it is considered disrespectful not to do so in the cultural environment. In Spain, it is only used when addressing a medical professional such as 'Dr. ' and university professors as 'professor'. If someone identifies themselves as 'engineer', 'licensed', etc. you better be from some Country in Latin America, or your own department colleagues will make jokes at your expense. . . This custom was deeply rooted among the Aztecs, original people of America and hence its denomination of aztequismo.
