

SPANISH DICTIONARY

polii

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

polii has contributed to the dictionary with 3 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Working Group

www.wordmeaning.org

caseína

protein found particularly in the milk of animals and the seed of some leguminous plants (chickpeas, peas, beans, etc.)
The first, called animal, constitutes the basis of the manufacture of cheeses; the second, also vegetable call or legumina, has industrial properties

condón

kind of Holster or sheath of very fine rubber used to cover the man's penis during intercourse and book him of sexually transmitted infections

declina

tilt down or towards one side or another
