INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Cesar has contributed to the dictionary with 2 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

círculo rojo

It was a pamphlet edited by the anti-vaccine movement. . . . they gave it this title of red circle because long ago in Chinese medical care a red circle was painted on the door of the house of doctors who had made a misdiagnosis or incurred in a malpractice with a patient.

zurriar

It would be that person so worked in very hard tasks physically, that at a given moment he can develop more strength than the one who imposes his own physical constitution. . . . Here in my land, southern area of Navarre that meant since today those hard jobs of the primary sector are modernized. The left-handed man disappeared. Surely it comes from left-handed or punished. . . . It is certain that this at the popular level applied to these characters because a bet occurred shortly after the end of the Spanish civil war in which a blacksmith had forged a cultivator that was between 350 and 400 kilograms. . . . And it was about getting into the center grabbing it with both hands and getting straight making it lose ground. The implement was heavier than humanly possible, so several young people of the town raised it but there were still more who herniated due to overexertion. . . .
