

SPANISH DICTIONARY

Fernando Saiz Vaamonde, Capitán de la M.Merc

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Fernando Saiz Vaamonde, Capitán de la M.Merc has contributed to the dictionary with 1 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

batir el cobre

"Beating the copper", in nautical terminology, refers to the continuous work of beating the copper plates that the ships carried to cover the dead work of the same, adapting to their forms, both in pantouch, elbow and in the lining, used mainly in the ships during the seventeenth centuries and later until the steel ships began, Copper lining that avoided major damage in combat, avoiding waterways, in addition to avoiding the joke that deteriorates the lining strips. Due to the hard of this work, when you have to perform an important or heavy work, this work, it is said, that it is time to "beat the copper".
