INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Roberto R Bravo has contributed to the dictionary with 1 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

comprehensivo

Comprehensive (from latin comprehensivus) insofar as comprehensive or inclusive, is the term more precise and more used in technical, and philosophical contexts since it is more specific than sympathetic, since the latter also has the meanings of insightful or tolerant. Likewise the SAR defines it. On the sidelines that has " returned " to the Spanish through English, technical use and worship is useful, and ultimately little matter its origin because languages evolve, if not talking about latin (and without neologisms).
