

# SPANISH DICTIONARY

Reinaldo Andrade Albán

## INTRODUCTION

[www.wordmeaning.org](http://www.wordmeaning.org) is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Reinaldo Andrade Albán has contributed to the dictionary with 4 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Working Group

[www.wordmeaning.org](http://www.wordmeaning.org)

**cortoplacista**

Person that easily fixed time limits for carrying out an action without the factors that insiden prebvio analysis in the realization or otherwise of this term.Example: The offer of a politician that the subway of the city tram must be operational by the end of 2014. Or that by the end of 2013 is will have eradicated 79% of poverty

**inverosímil**

It is exactly what adverse a similarity. i.e. which tells something like a real fact and credible a priori and that aperentemente are sustentaa on a true but in reality is exactly the opposite.Example: look at the immensity of the sea, it seems that joins with the sky, yes it seems to simplevista, but it is actually quite the opposite.

**monoproductor**

Monoproductor: Person who s ededica to the generation of a single product. Example: A farmer who is dedicated to growing potatoes only.

**predictivo**

It is worthwhile to start from the word predict, which means anticipate the occurrence of an event. The difference in predictive is that in this last, there is the necessary foundation for predicting an event. Example Predictivo:si a sunset becomes cloudy or misty, then is predictive easily than llovera.
