

SPANISH DICTIONARY

alberto

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

alberto has contributed to the dictionary with 3 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

www.wordmeaning.org

eupneica

Medical term: eupneica/o, normal significado:respiracion.Greek root: pneuma:aire, entonces:eupneicase refers to a normal physiological condition of the lungs or Airways as a whole.

locutar

Present: adj./termination of infinitive: ar says Paulo Freire, with regard to the duties of students, is the of: " estudiantar " or which are the tasks and activities of a student. The Office of the speaker is present, IE: speak, or locucionar, if we stick to the etymology of the term. The rules of form-ing of new words or terms, as all sa-ben, are not always clear, nor does not explain why a term derived into a new form.

plasmólisis

«from lat., plasma, and of the ancient Greek A» -a¼±, figure, form, and LYSIS: destruction.In medicine designates a pathological condition of the fluid that bathes the tissues and circulates through veins and arteries.
