

SPANISH DICTIONARY

Anonimo

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Anonimo has contributed to the dictionary with 1 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

regla

RULE: Is a term that derives from the Latin language (regila) and has multiple uses. It can be a tool made with a solid material that allows measurements or draw a line straight. They are also, regulations or rules that must be respected. Typically, rules arising by agreement or Convention and that, once established, are mandatory. They are the guideline of how walking " 34 right; since the rule is that mark the road " 34 right; or correct. The word " regulating " It derives from rule, and it is " detail " the performance and application of laws. In fact, and concep-have laws are " rules " or patterns of behaviour and its " rule-mentation " is the one that gives you the details of how the principles of that law. In itself, the rules are impositions that are used to create a good society - dad and that must be respected in all places and at all times.
