

SPANISH DICTIONARY

Jimeno Álvarez

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Jimeno Álvarez has contributed to the dictionary with 6245 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

quien era avalon

Avalon, or Avalon is the name of an island of legendary Celtic mythology somewhere in the British Isles where, according to legend, the Apple trees give tasty fruits throughout the year and inhabit nine Queens fairy; among them, Morgana. En initially it was believed that the word Avalon was an adaptation of the Celtic word Annwyn or Annvin, which refers to the legendary Kingdom of fairies, but already in the 12th century, Geoffrey of Monmouth he thought that the name derives from the translation of " island of apples ". This is highly likely, since, in the breton language, Apple said endorsement, and Welsh says ' afal ' (with the pronunciation of the " (f) " as " (v) "). Avalón was also called Ynys Witrin, meaning island of glass.
