

SPANISH DICTIONARY

Gerónimo Benítez

INTRODUCTION

www.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Gerónimo Benítez has contributed to the dictionary with 3 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Stepchild is the son of a subsequent marriage, the same father or mother, but with different father and/or mother. The succession follows the blood, if it is of the same blood (concerning the father or mother) you have rights, but does not have them with respect to those they had in the previous marriage.³⁴ Terms is used in the Martin fierro; there are no sons district " but it is concerned that there is no privilegeados. Previous concepts are wrong I am lawyer and Professor of law.

I explain better. A marriage Oscar and Lore are married, have two sons Fernando and Adriana. Muere Oscar (or Lore) and he becomes remarried. Oscar is married to María and two children Jorge and Liliana. Cualquiera would say that Jorge and Liliana are half-brothers of Fernanda and Adriana (NO NO are brothers or half-brothers) THEY ARE DISTRICT. The district are the descendants of the same father different mother or same father different mother. Non-pure blood with the previous brothers and are called that way. DOES THIS CLEAR?
