

# SPANISH DICTIONARY

Felipe Lorenzo del Río

## INTRODUCTION

[www.wordmeaning.org](http://www.wordmeaning.org) is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

Felipe Lorenzo del Río has contributed to the dictionary with 3873 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

Working Group

[www.wordmeaning.org](http://www.wordmeaning.org)

they are semi nommadas is incorrectly written and should be written as "semi-nomadic" being its meaning:<br>Seminomada is of Greek etymology: ( prefix eufonica s: hemi: half half nomas nomados: which changes from pastures ). Applies to the human groups as Veldt seasonally, but they have a permanent settlement during part of the year. Usually this type of life put into practice that are dedicated to the grazing or seasonal hunters are.

### **que te cagas**

Expression vulgarota used by our young and not so young as a wildcard indicating the excellence, quality or intensity of someone or something. It is usually applied to realities that provoke intense feelings generally pleasant. It's a cold fucking instead of it's very cold.

### **que te sea leve**

Expression of mood and farewell from someone whom we wish luck and success to a more or less difficult task. This all expression recalls that one used as an epitaph in the pre-Christian Roman world that recorded on the gravestones as acronym: S.T.T.L. Sit Tibi Terra Levis. That the Earth is slight, locution that with different variants also used the Roman poets, as Tibullus: terraque securae super sit ossa levis: that the land of the inexorable is light on your bones.

### **que te veo**

It seems like a warning to someone in whom there would not be much confidence of his correct behavior. This expression reminds me of that of a television advertisement from the 90s in which a professor of geology warned with a monotonic intonation to a distracted student: "The metamorphic rocks genetically called Cornubianitas, Gutiérrez, that I see him . . . .!"

### **que tururururu**

tururururu is incorrectly written and should be written as "tururururu" still its meaning:<br>Villarino de los Aires popular Salamanca song: already the donkey died / that wore the vinegar /, now God took him / this miserable life, / to tururururu, to tururururu, to tururururu, / blame you. you have the / already stretched leg, / already wrinkled snout / and stiff tail / died of improvise. / ( Bis ). All residents / went to the funeral / and the Tia Maria / played the cencerro. / ( Bis )

## **querer mas que a la propia vida**

I also think that it is possible to love someone more than life itself and the example of the mother, telling Pedro, perhaps is the most suitable, although there may also be other cases of friends, lovers, husbands, children...Someone may want to either be able to give his life to save him. What I don't understand is that life can give an idea, the feeling of belonging to a group, by own ideology or religion: what many believers call God's love is not love and respect others and above all the fellow, in short, a sense of common union with others and above all those who have my same moralmy ideals and my values. All these things are not worth what it's worth the life, a person of flesh and blood life is the Supreme value, and to this we must subordinate all other values.

## **qué significa unamurs**

What means unamurs is incorrectly written and should be written as "unamur" as meaning:  
University of Namur, capital of the Belgian Wallonia, founded by the Jesuits in 1831 promotes humanistic values in teaching and research. The official language is French, but the local dialect is the Walloon. It is 47 km from Leuven, where it is one of the first universities founded in 1425. ## **sed itifálica**

Itifalica is the feminine of ithyphallic, cult adjective introduced in Spanish after the Renaissance directly from Latin and the Greek ithiphallos which means, in a redundant way of phallus erect (Phallos phallou: erect penis and the adjective itheia ithy ithys: straight, straight, erect). The SAR defines it as "who has the erect phallus" and I say redundantly because phallus is not synonymous with penis but erect penis. To the Greeks the phallos was pictorial or sculptural representation of the erect penis. They called ityphallos the representation of Dionysus in erection, to which drew in procession, as a symbol of regeneration. Also called itifalicos edges with which accompanied the procession and the verses that had the same phonetic cadence. When speaking of sed itifalica now I guess that it refers to the desire of erect penis or some contraption that looks like it

## **sedia stercoraria**

In the Vatican museum there is a wooden chair with a large central hole. Also English monarchs used to have a chair like that for someone after. . I'll wipe their ass. But according to legend, this Vatican sedia was to check the masculinity of the pope chosen after the history of the papisa Joan in the middle of the ninth century. Much has been written about this, but nothing official. The Papisa Juana would come to coincide with the period of Benedict III who would die in 858.
